## ESSAY ON COVID 19 IN ENGLISH 200 WORDS

Our sages have rightly said –

“The first joyless body”

That is, if there is first happiness in life, then it is a healthy body. If you are healthy then only your life is healthy. Life is not possible in an unhealthy body.

There can be many reasons for the disease- weather, environment contagious diseases, contaminated food, wrong eating and drinking habits, pyre, anger, insomnia etc. Presently, a virus that is unhealthy is being attributed to the body.

This is a virus that has engulfed the world. A virus

No reduction was seen earlier. And the name of this virus Kovid 19. Which we also called corona virus.

This virus infection started in December from Wuhan province of China). According to WHO, fever, breathing problems are symptoms. And its I am still not getting treatment.

What are its preventive measures –

1. Wash hands repeatedly with soap. Use hand sanitizer. .
2. Keep your nose and mouth covered with handkerchief while coughing or sneezing.
3. Keep social distance. Use a mask.

The most important thing is to increase your immunity and concentrate on food. This is the only way to avoid corona.

This virus has created panic all over the world. Businesses have had to tie up employment. All schools have to be tied up.

We should also try all ways to avoid this Kovid 19 by celebrating our life.

## ESSAY ON COVID 19 IN HINDI 250 WORDS

हमारे ऋषि मुनियों ने सही कहा है –

“पहला सुख निरोगी काया ”

अर्थात जीवन में प्रथम सुख अगर है तो वह है निरोगी शरीर। यदि आप स्वस्थ है तो ही आपका जीवन भी स्वस्थ है। अस्वस्थ शरीर में जीवन संभव नहीं होता।

बीमारी के कई कारण हो सकते हैं- मौसम, वातावरण संक्रामक रोग, दूषित भोजन, खाने-पीने की गलत आदतें चिंता, क्रोध, अनिद्रा आदि। वर्तमान में शरीर को अस्वस्थ करनेवाला एक विषाणू (वायरस) को जिम्मेदार ठहराया जा रहा है. ये एक ऐसा वायरस जिसने संसार को अपनी चपेट में ले रखा है । एक ऐसा वायरस

पहले कमी नहीं देखा गया । और इस वायरस का नाम कोविड 19 . जिसे हम कोरोना वायरस भी कहते हैं.

इस वायरस का संक्रमण दिसंबर में चीन के वुहान प्रान्त से शुरू हुआ। डब्ल्यू एच ओ के मुताबिक बुखार, खॉर्सी साँस लेने में तकलीफ इसके लक्षण है. और इसका इलाज मी अब तक नहीं मिल पा रहा है।
